This factor examines the extent to which there is a need for funding the proposed program activities to address a documented problem in the applicant's targeted area (i.e. the degree of the severity of the drug-related crime problem in the project proposed for funding). It is divided into two sub-factors. Reviewers please note: up to a total of 5 points will be awarded if substantial information is provided as to why Objective Crime data could not be obtained. Please score accordingly:

1. Objective Crime Data relevant to target area
(15 points maximum) _____
